Office of the Muzrai Commissioner in Mysore.

Dated Bangalore, 11th February 1928.

13

From

P. G. D'Souza, Esq., B.A., B.L.,

Muzrai Commissioner in Mysore,

Bangalore.

To

The Chief Engineer of Mysore,

Bangalore.

Sir,

In continuation of this office letter No.C.1205 of 24-25 -- dated 1st November 1927 forwarding for scrutiny and submission to Government for sanction an estimate for Rs.6400/- for constructing a mosque in New Yedatore Town I have the honor to forward herewith for favour of scrutiny and submission to Government for sanction - another estimate for Rs.10,265/- prepared by the Public Works Department for constructing the Sri Arkeswaraswamy temple and the Sri --- Cherdramouleswaraswamy temple in new Yedatore Town and to state as follows.

The Deputy Commissioner Mysore District in submitting the -- estimate for sanction stated that a sum of Rs.3700/- was provided in the R. P. S. Budget for rebuilding the small temple according to the old one but as provision had to be made for accommodating the Sri -- Arkeswaraswamy also in that temple, a structure according to the --- present plan and estimate was quite necessary and proposed that the cost viz., Rs.9290/- after omitting the establishment, tools and -- plant charges may be met as follows:--

Rs.	3700/-	from R.P.S Funds.
Rs.	1400/-	from the cash balance of the institution leaving the investment of Rs.1300 for future needs.
Rs.	4190/-	from the current year's state grant or General Muzrai Fund allotment.
Total. Rs.	9290/-	

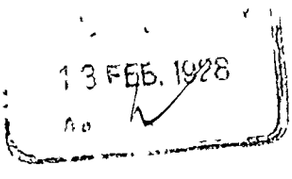
As the grant asked for was rather heavy the Deputy Commissioner was asked to reduce the amount of the estimate. He now reports that the committee for the formation of new Yedatore Town strongly urge that the institution being a very important one the estimate should be --- stand as it is, as the work entrusted to us is the minimum -------

minimum requirements and is absolutely necessary.

In the current year's state grant allotment a sum of Rs.2577 had been allotted for shifting Muzrai institutions to new Yedatore Town. But subsequently it was withdrawn and distributed to other institutions. But in view of the importance of the temple and also of New Yedatore Town it is seen that Government aid is quite necessary without which the estimate can not be sanctioned. I recommend --- therefore that the estimate for Rs.9290/- after deducting the ------ establishment, tools and plant charges may be got sanctioned, a portion of the cost being met from the current year's allotment from General Muzrai Funds.

Altogether a sum of Rs.5590/- has to be met from Government and the institution funds in addition to Rs.3700/- payable from A.R.S. -- funds. The institution had a cash balance of Rs.2000/- in round -- figures at the end of December 1927 and Rs.1300/- invested in 1865 and 1879 loans. If the bonds are sold they will fetch about Rs.800/-. For Providing about Rs.700/- for current expenses of the temple a sum of Rs.2100/- can be made available from the funds of the institution both in cash and in investment and the balance of Rs.3490/- or Rs.3500/- in ~~round~~ numbers has to be made available from the allotment of Rs.10,000 made in the current year's General Muzrai Fund Budget.

The entire file with the plan and estimate and a copy of the ---- Deputy Commissioner's letter No.M.141 A.C. dated 13th January 1928 is enclosed for favour of obtaining early sanction of Government.



I have the honor to be,

Sir,

Your most obedient servant,

(Sd.) P. G. D'Souza,
Muzrai Commissioner.

Memo.

A copy of the above is forwarded with compliments to the Financial Secretary to the Government of His Highness the Maharaja of Mysore for information.

Muzrai Commissioner.

Sir,

reminder in muz: file 113-27 - With reference to your letter No. 15/1/27 dated 13th January 1927, I have the honour to forward herewith the plans, report and estimate for constructing a Channel from Tonnur Tank to Hebbal Tank in Malavalli Taluk, Mysore District, for the sanction of Government.

I have the honour to be,
Sir,
Your most obedient servant,

K. R. Seshachar

Chief Engineer,
Krishnarajasagara Works.

C.10-7.

Report to accompany the estimate for constructing Sree Chandramouleswara Swamy's Temple at Yedatore New Town.

Reference:- K.R.Sagara Chief Engineer's No.1049/KSS. dated 8th June 1928.

The estimate returned from the Chief Engineer's office has been checked in detail and slight alterations made where necessary. A provision of Rs.25/- has been made for the " Kalakarshana " ceremony and the sides of doors, windows and ventilators and bottom of wall plate are proposed to be built of brick-mortar as is usual in the case of all public buildings.

A detailed estimate has now been furnished for the compound wall of the temple. Owing to the difficulty of correctly estimating the quantity of old materials that will be fit for use on the new structure, the original lumpsum provision of Rs.200/- is retained.

The estimate amounts to Rs.9,270/-.

K.Narayanachar
Executive Engineer,
Gauging & Upper Channels Division.
